Positive Discipline in the family: Parenting with Confidence

Facilitated by Izumi Takase

Are you open to having new insights on communicating with children? Do you want to learn in a fun way? If so, this two hour seminar is designed to give (step)parents, grandparents, teachers, facilitators, and caregivers as well as team leaders the opportunity to learn the underlying motivations of human (children's) behaviour and the role you play in influencing that behaviour. This is a powerful experience for participants through role-playing and group discussions and you will learn a few tools on how you can help children develop self-discipline, responsibility, cooperation, and problem-solving skills.

Izumi Takase is a certified Positive Discipline Trainer and a Certified Adult Trainer as per Swiss Federal certification standards. She worked 19 years in the Geneva Lake region as an HR Consultant and Trainer for various international companies in both English and French.
